Instructions to complete the layout:

1. Use a sanding block to sand all the edges of patterned papers, photo mats and fussy-cut images.
2. Prepare your chipboard elements: Apply white ink to the entire chipboard – this will give you a good blending surface. Now use the other colour inks and apply to the chipboards, using your finger or a blending tool to shade the colours together to create an ombre look, leaving parts of the words white. Apply stickles to parts of the words for some extra sparkle – allow to dry completely before adhering to your layout.
3. I recommend using 2 sheets of plain white 12x12 cardstock as your background base – adhere all the cut strips to this base to ensure that your layout is the correct size.
4. Adhere the 2 UNIQUE (leaf side) strips to the extreme left and right of both background pages.
5. Adhere the 2 STRONG (stripes) strips next to these leaf pieces.
6. Adhere the 2 STRONG (brown side) strips on top of the striped pieces, leaving approx. 2cm of the stripes showing.
7. Adhere both BRAVE (flamingo/leaf collage) pieces to the bottoms of both pages – to meet up in the centre of the layout.
8. Now adhere FEARLESS piece to the top of the left page and BRAVE piece to the top of the right page – this should leave 2-3mm of the brown strips showing on both sides of the layout.

9. Adhere word strip borders below these pieces, trimmed to 23,5cm.
10. Adhere large tan photo mat to the top of the right page, approx. 1,5cm from the top. Ad scalloped borders and fussy-cut tab.
11. Raise flamingo frame cut out with foam tape and adhere below this photo mat.
12. Adhere pink dot photo mat to the top of the left page, approx. 2cm from the top and 8,5cm from the left. Tuck a small fold of ribbon under the left side and a cut-out tag under the right side before sticking down.
13. Adhere 3 square photo mats to the bottom of the left page, raising the 2 striped mats with foam tape. Adhere the remaining striped photo mat to the bottom right of the right page.
14. Adhere the large chipboard title to the left page, adding a few fussy-cut flowers/leaves at the top and left side.
15. Adhere inked chipboard words to the photo mats.
16. Raise fussy-cut flamingoes with foam tape and adhere to the left side of the left page, along with floral element and raised circle quote.
17. Raise flamingo with florals cluster with foam tape and adhere to the right side of the right page. Also adhere raised circle quote with leaf cut-outs to the top.
18. Add a sprinkling of small black beads below the circle quotes on both pages – use dimensional glaze to adhere these.
19. Embellish your layout with remaining fussy-cut elements and charms as desired.

Hope you have enjoyed completing this layout 😊

Love,

Juliet
