Instructions to complete the layout:

1. Use a sanding block to sand all the edges of patterned papers, photo mats and fussy-cut images.
2. Prepare your chipboard elements: Apply gold ink to the 2 x star collage chipboards and to the "Christmas" word on the title chipboard. Colour the other words with red and blue inks. Apply stickles/glitter glue to the "magic" word and shade "Merry & Bright" with both blue and gold inks. Allow to dry before placing on layout.
3. I recommend using 2 sheets of plain white 12x12 cardstock as your background base – adhere all the cut strips to this base to ensure that your layout is the correct size.
4. Adhere the 2 PEACE (wood) strips to the extreme left and right of both background pages.
5. Adhere the LOVE block next to this woodgrain piece, tucking one of the inked chipboard star collages under the top left side. You can add small off-cut pieces of colour cardstock under some of the star cutouts, if desired. Also tuck fruit & pinecone cut-outs under the bottom part before sticking down.
6. Adhere the FAMILY block to the right page, again tucking the star chipboard under the bottom part, and a tag, bauble & pinecone cut-out under the top section.
7. Adhere both BLESSINGS (stripes) strips to the bottoms of both pages. Adhere the fussy-cut scallop border strips to the tops of the striped pieces.
8. Adhere CELEBRATION (music) piece to the left page, approx 1/2cm from the right edge.
9. Adhere CELEBRATION (teal/gold wash) piece to the bottom of the layout, just above the striped paper, with approx. 2cm on the left page and the balance on the right page. This piece will overlap the music notes paper slightly.

10. Adhere the small piece of music paper to the right page, approx. 10,5cm from the bottom and flush against the woodgrain paper.
11. Adhere the small piece of teal/gold stripe paper to the left page, approx. 1/2cm from the top and 8,5cm from the left edge.
12. Once you have cut the 2cm frame from the BLESSINGS (floral) piece, raise it with foam tape and adhere to the TAN cardstock mat. Then adhere to the top of the left page, approx. 1cm from the top and 2,5cm from the right side. Add 2 x fussy-cut poinsettia flowers with mini word charms to the top left corner.
13. Adhere the chipboard frame (inked with gold ink) to the RED cardstock photo mat, and place on the left page, approx. 2,5cm from the right & 5cm from the bottom. Tuck 2 tags under the left side and tab & fussy-cut elements under the bottom right corner.
14. Adhere the 3 smaller photo mats to the bottom of the right page and the quote card can be placed just above the music notes strip.
15. Cut out a piece of leftover woodgrain paper to fit behind the opening of the large fussy-cut wreath. Adhere this, with the wreath, to the top of the right page. Raise the smaller fussy-cut bauble/leaf element with foam tape and adhere over the bottom part of the wreath, to give a 3-D effect. Add bird cut-out (also raised with foam tape)
16. Adhere inked chipboard title to the centre of the wreath image.
17. Use the remaining fussy-cut elements to add finishing touches to your layout, raising some elements (bows & circles) with foam tape for extra dimension.
18. Add a little dimensional glaze to the insides of the stars on the chipboard elements. Sprinkle glitter/beads over and allow to dry.
19. Apply stickles to flower & bauble images for some extra sparkle and allow to dry.
20. Embellish your layout with remaining fussy-cut elements as desired.

Hope you have enjoyed completing this layout ☺

Love,

Juliet
