Instructions to complete the layout:

1. Use a sanding block to sand all the edges of patterned papers, photo mats and fussy-cut images.
2. Prepare your chipboard elements: Apply white chalk ink to all the selected chipboard words. Apply liquid pearls to some of the words and allow to dry.
3. The 2 sheets of CUTE and ADORABLE papers will be used as your background pages.
4. Adhere CUTE (dots) paper to the left page, approx. 3,5cm from the top and 9cm from the left side.
5. Adhere GIGGLES (numbers) paper to the centre of the layout, approx. 1cm from the bottom, with 9,5cm on the left page and the balance on the right page.
6. Adhere the large dark tan block (cut from cardstock PP6421) to the numbers piece just stuck down, centered top and bottom, with 2cm on the left page and the balance on the right page.
7. Adhere Blue text cardstock block flush against the left edge of the right page, on top of the dark tan cardstock block. Add zig-zag border strip to the top of the block.
8. Adhere ADVENTURE quote card to the Numbers mat, adding tab on the left side. Adhere to the top of the left page, approx. 1cm from the top and left edge.
9. Raise the large circular fussy-cut frame with foam tape and adhere to the grey text paper (trim into a round shape to fit under the frame.) Adhere to the left page, adding fussy-cut fox.
10. Add small blue cardstock photo mat to the bottom of the page, approx. 2cm from the bottom and right edges, adding tab to the right side.
11. Place the 2 small cardstock mats & quote card (raised with foam tape) at the top of the right page. Position in the centre, with the 2 fussy-cut bracket floral collages on either side. Once you are happy with the placement, stick down. Some of the leaf edges may go over the edge of the page; you can trim them once stuck down. Add a tab to the left of the quote block.
12. Adhere the inked chipboard words to both pages, as per picture.
13. Place the layout on a foam mat and use the stitching template to pierce holes on some of the sides of the photo mats – then use your white gel pen to join the dots – this will create the look

of faux-stitching. If you prefer, you can use needle and thread and do real stitching. I have used the "x" stitch template, but you can select any of the other templates if you prefer.

14. Raise both the bunny and bear fussy-cut images with foam tape and adhere them to the same images on both background pages, slightly off-set.
15. Use the remaining fussy-cut elements, metal charms, buttons and sequins to add embellishment to your layout, raising some elements with foam tape for extra dimension.
16. Apply a little Stickles or glitter glue to some of the images for extra sparkle.
17. Adhere cut-outs from the acetate sheet to add further detail.

Hope you have enjoyed completing this layout ☺

Love,

Tuliet
