Cherished Memories.

Interactive Layout

Designed by Jenny Heaslip

These instructions are for personal use only. Please respect the teachers work and do not distribute or teach to others. Thank you for purchasing this kit and hope you enjoy making the project.

1. Cut one piece of “Memories” paper as per measurements shown. Measurements given are width x height. It is helpful for construction to label pieces with the letter/number as shown.

2. Cut second piece of “Memories” paper as per measurements shown. Measurements given are width x height. It is helpful for construction to label pieces with the letters shown.

3. Cut one piece of “Remember” paper as per measurements shown. Measurements given are width x height. It is helpful for construction to label pieces with the letter/number as shown.

4. Cut second piece of “Memories” paper as per measurements shown. Measurements given are width x height. It is helpful for construction to label pieces with the letters shown.

5. Cut piece B4 from the remaining “Memories” paper from the previous step. Keep the piece in the top left hand corner and fussy cut to be used later in the layout.

6. Cut one piece of “Moments” paper as per measurements shown. Measurements given are width x height. It is helpful for construction to label pieces with the letter/number as shown.

7. Cut second piece of "Moments" paper as per measurements shown. Measurements given are width x height. It is helpful for construction to label pieces with the letters shown.

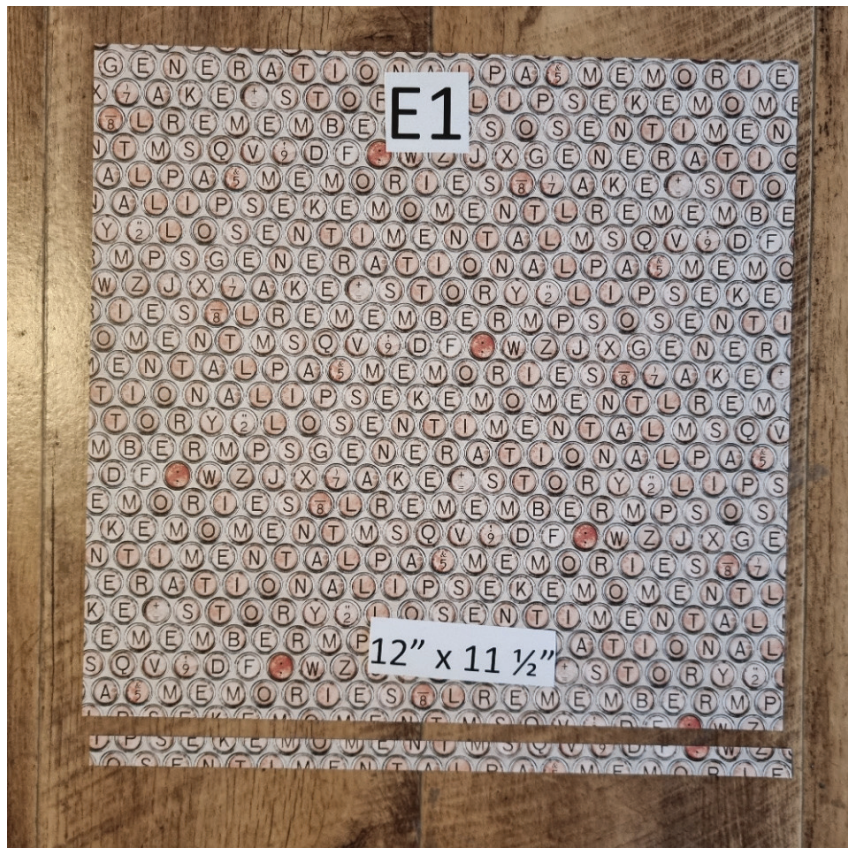

8. Cut one piece of "Cherished" paper as per measurements shown. Measurements given are width x height. It is helpful for construction to label pieces with the letter/number as shown.

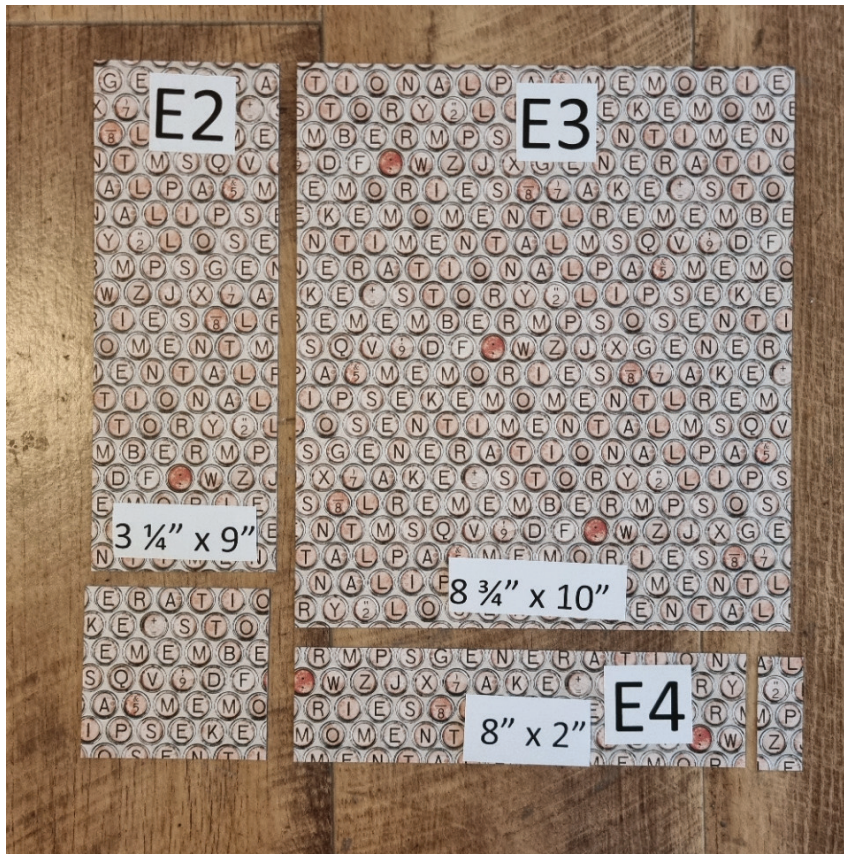

9. Cut second piece of “Cherished” paper as per measurements shown. Measurements given are width x height. It is helpful for construction to label pieces with the letters shown.

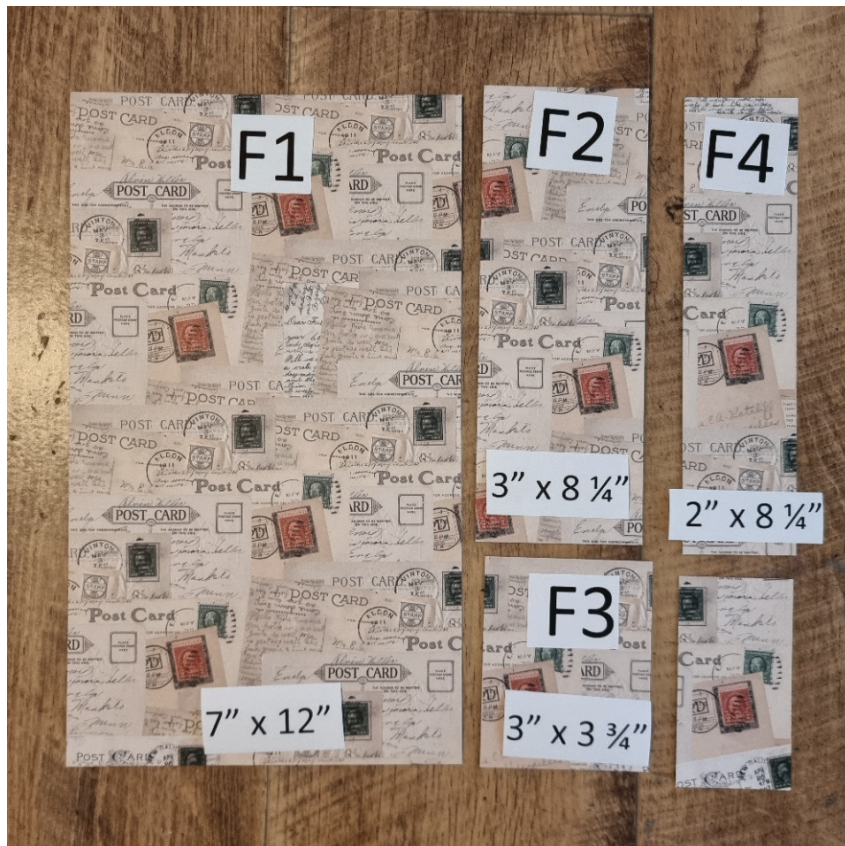

10. Cut one piece of “Loved” paper as per measurements shown. Measurements given are width x height. It is helpful for construction to label pieces with the letter/number as shown.

11. Cut second piece of “Loved” paper as per measurements shown. Measurements given are width x height. It is helpful for construction to label pieces with the letters shown.

12. Cut one piece of “Appreciated” paper as per measurements shown. Measurements given are width x height. It is helpful for construction to label pieces with the letter/number as shown.

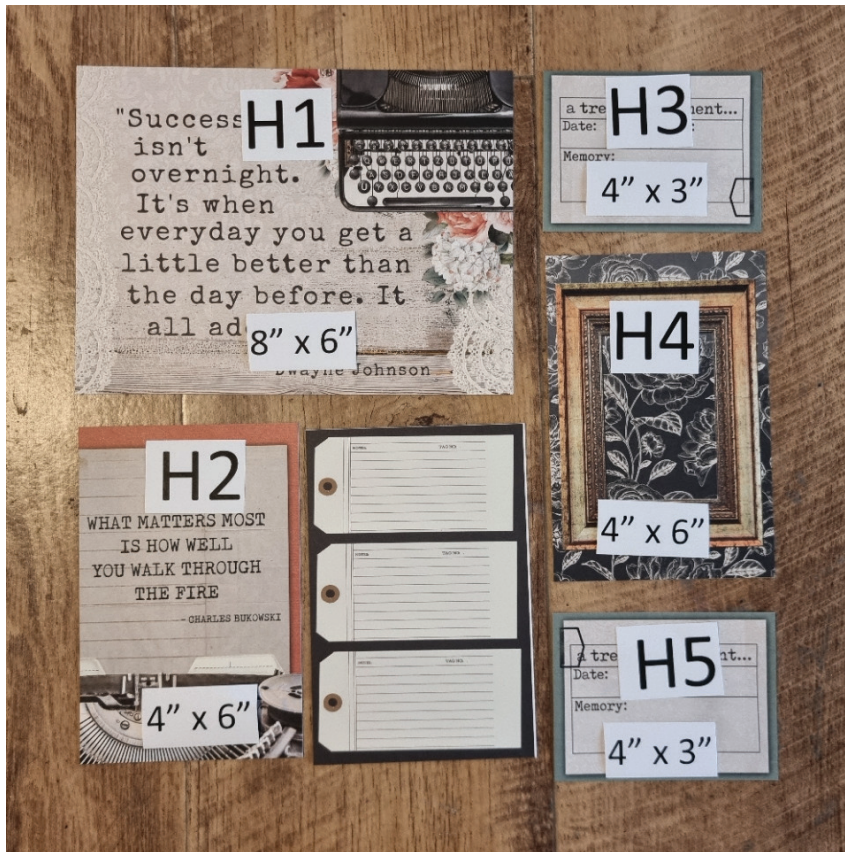

13. Cut second piece of “Appreciated” paper as per measurements shown. Measurements given are width x height. It is helpful for construction to label pieces with the letters shown.

14. Cut “Adored” paper as per measurements shown. Measurements given are width x height. It is helpful for construction to label pieces with the letter/number as shown.

15. Cut "Blessed" paper as per measurements shown. Measurements given are width x height. It is helpful for construction to label pieces with the letter/number as shown.

Note: cut the piece to the right of H2 into tags. These will be used to embellish the layout.

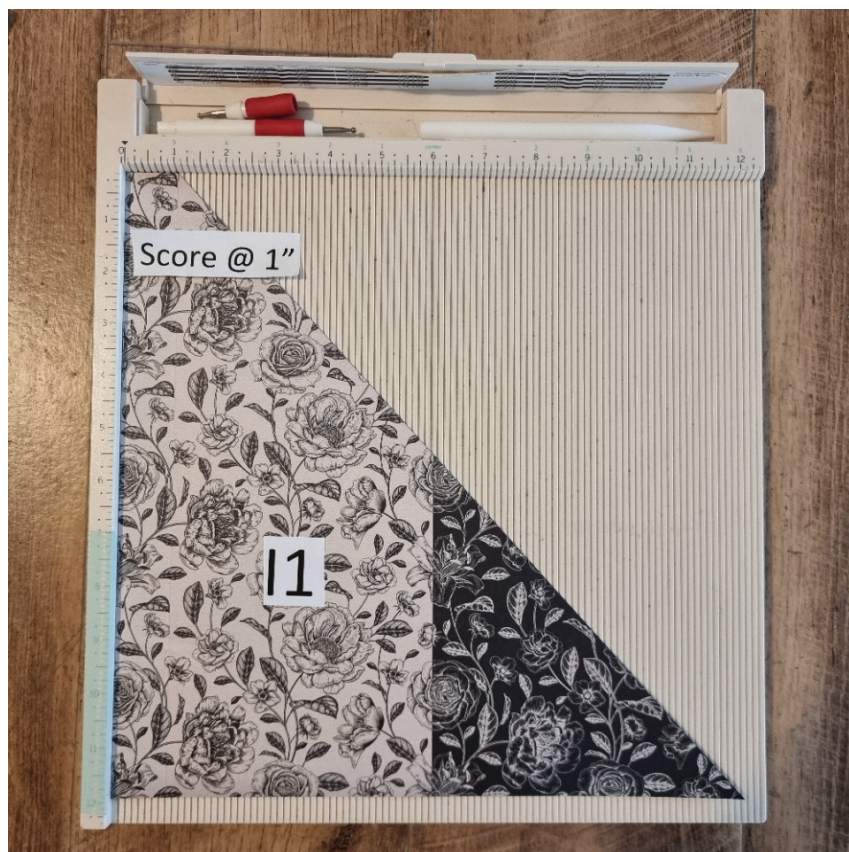

16. Cut "Grateful" paper as per measurements shown. Measurements given are width x height. It is helpful for construction to label pieces with the letter/number as shown.

17. Cut pieces I2 & I3 from the remaining piece of "Grateful" paper as shown below.

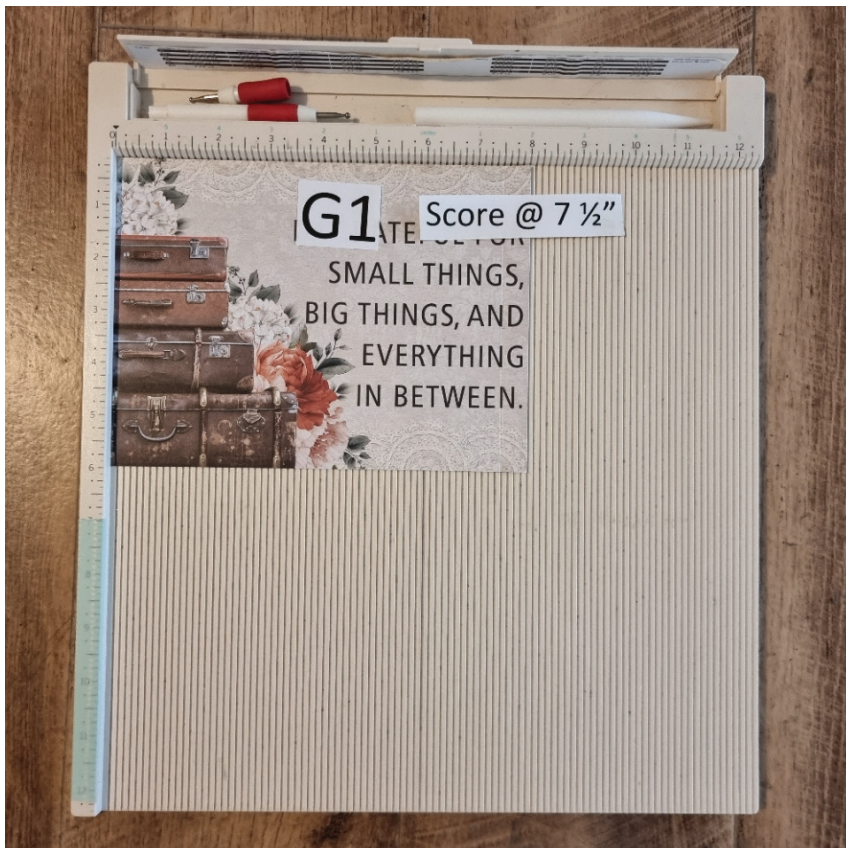

18. Score piece I1 at 1". Please make sure you place the piece in the scoreboard in the same direction as shown in the photos.

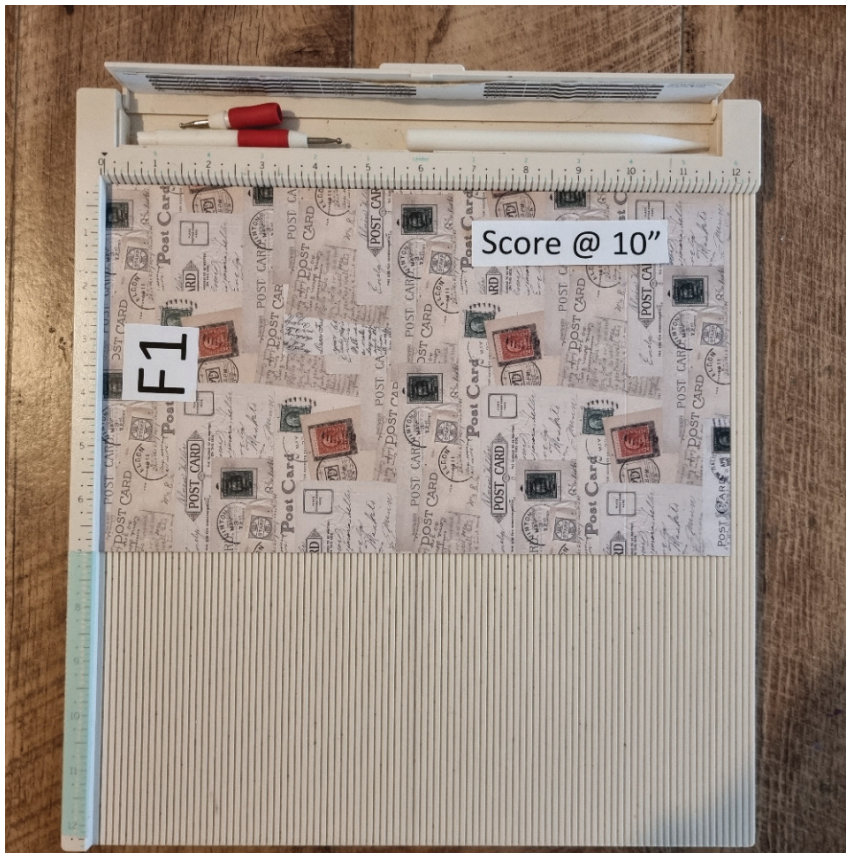

19. Score piece H1 at $\frac{1}{2}$ ". Please make sure you place the piece in the scoreboard in the same direction as shown in the photos.

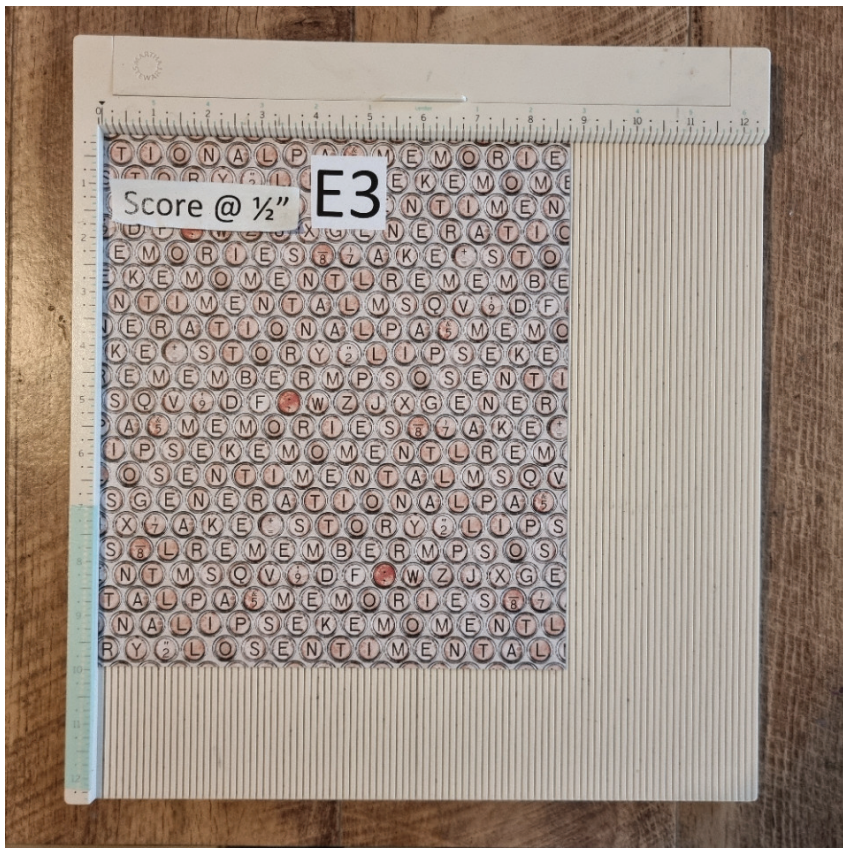

20. Score piece G1 at $7\frac{1}{2}$ ". Please make sure you place the piece in the scoreboard in the same direction as shown in the photos.

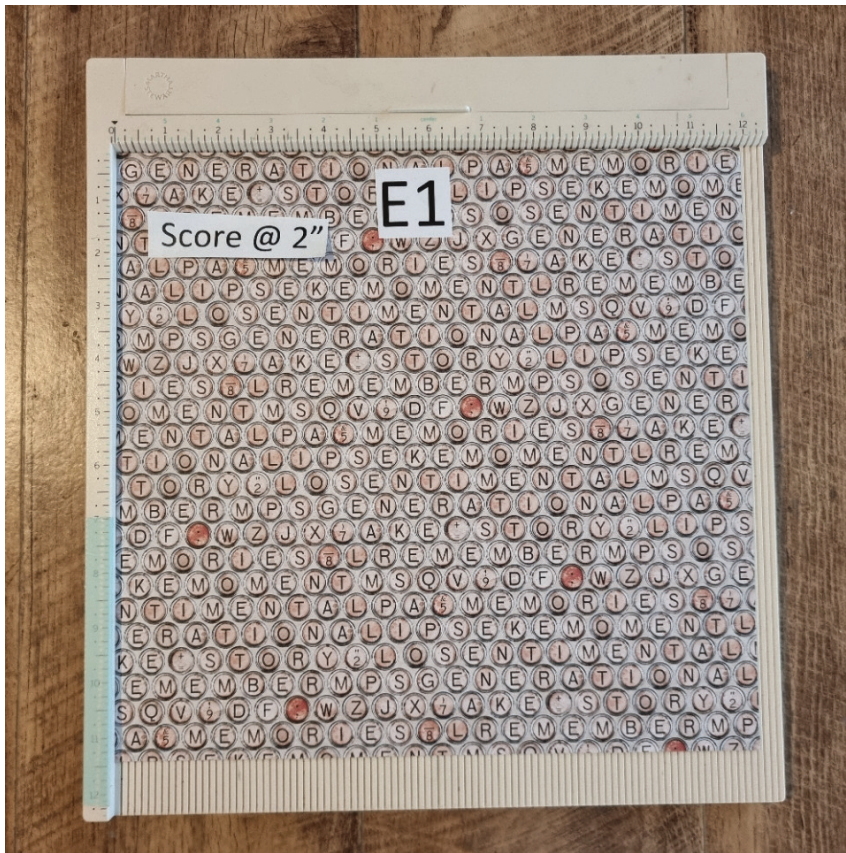

21. Score piece F1 at 10". Please make sure you place the piece in the scoreboard in the same direction as shown in the photos.

22. Score piece E3 at $\frac{1}{2}$ ". Please make sure you place the piece in the scoreboard in the same direction as shown in the photos.

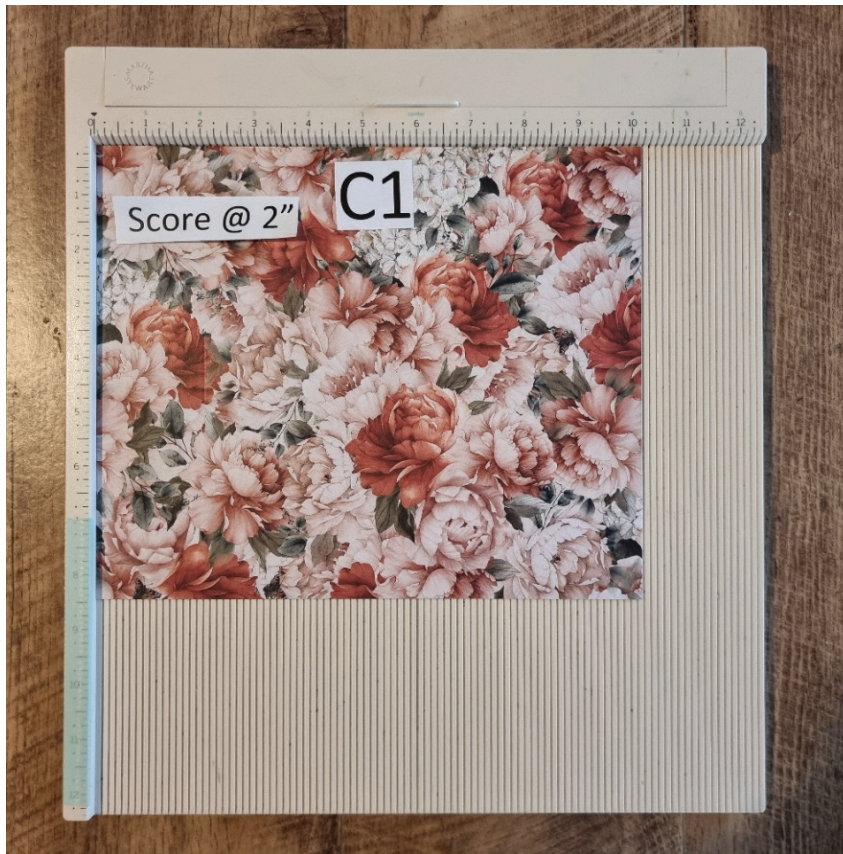

23. Score piece E1 at 2". Please make sure you place the piece in the scoreboard in the same direction as shown in the photos.

24. Score piece D1 at 9". Please make sure you place the piece in the scoreboard in the same direction as shown in the photos.

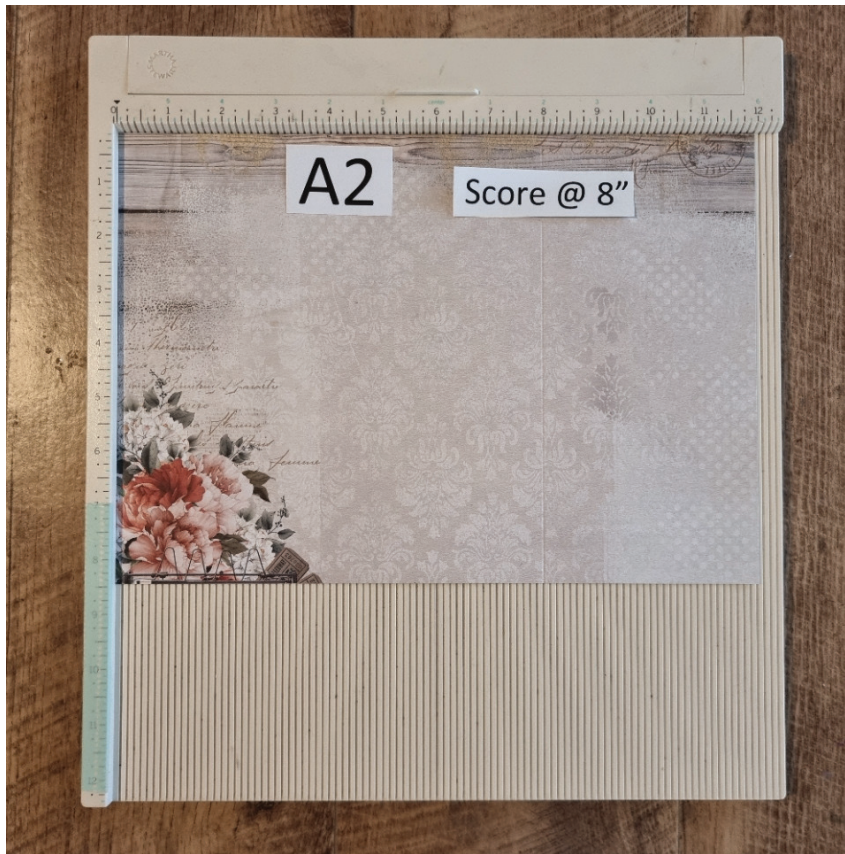

25. Score piece C1 at 2". Please make sure you place the piece in the scoreboard in the same direction as shown in the photos.

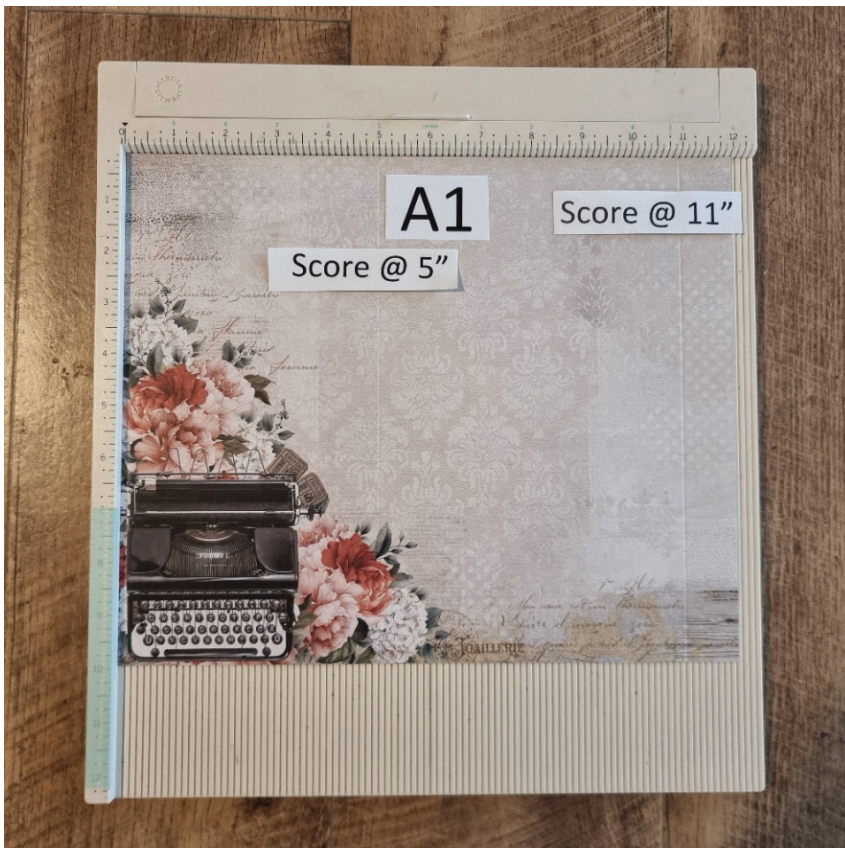

26. Score piece B4 at 1/2". Please make sure you place the piece in the scoreboard in the same direction as shown in the photos.

27. Score piece A2 at 8". Please make sure you place the piece in the scoreboard in the same direction as shown in the photos.

28. Score piece A1 at 5" & 11". Please make sure you place the piece in the scoreboard in the same direction as shown in the photos.

28. Join pieces B1 & F6 together and run a strip of tape down the reverse to join together. Refer to the following 2 photos.

29. Apply adhesive to the 1 ¼" section to the right of the score line on piece D1 as shown below.

30. Fold the section with adhesive to the back and then attach piece D1 to piece B1 as shown in the following 3 photos. It is flush with the right edge of piece B1 and centred top and bottom.

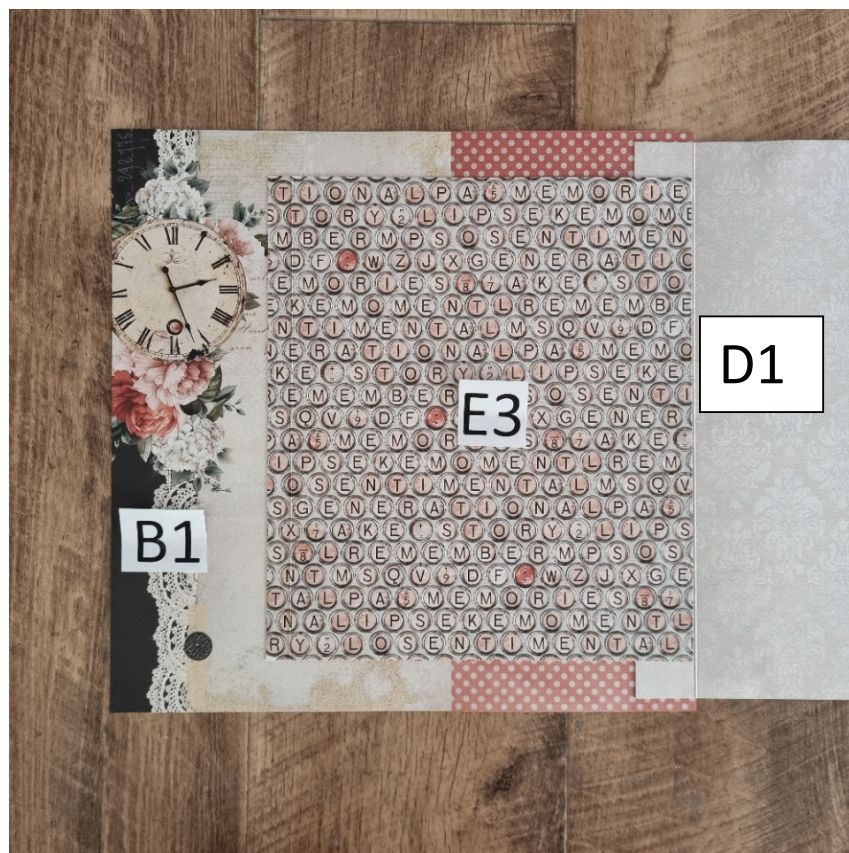

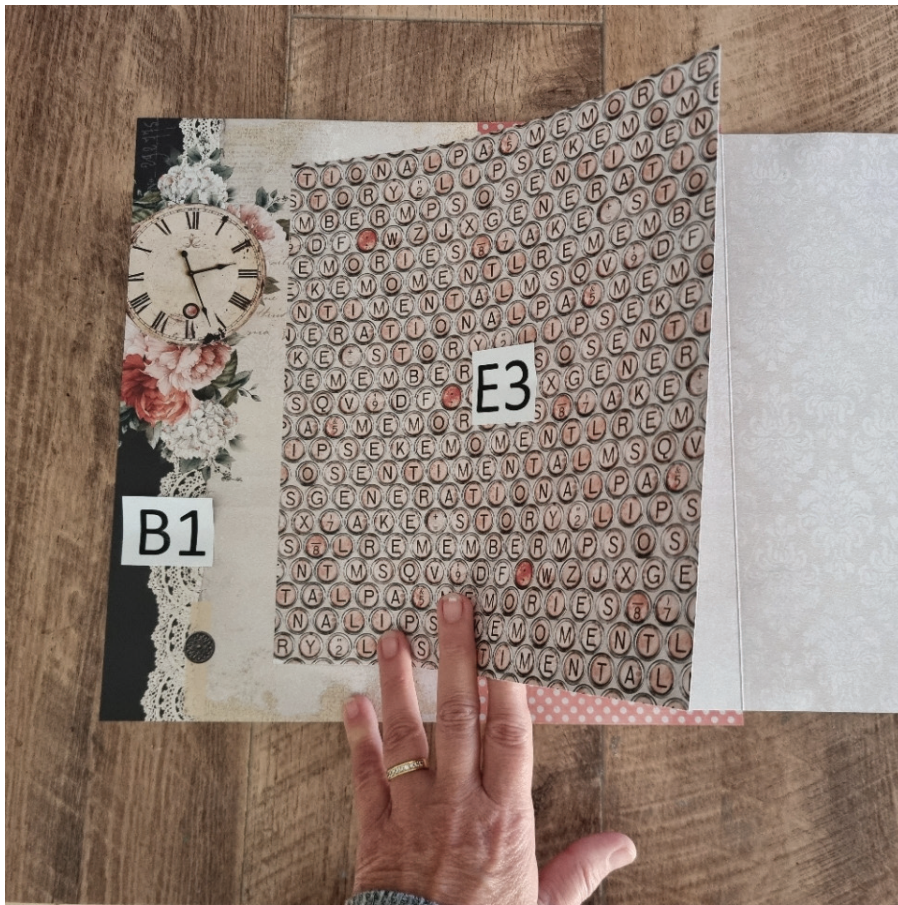

31. Apply adhesive to the ½” section to the right of the score line on piece E3 as shown below.

32. Attach piece E3 to piece B1 as shown in the following 3 photos. It is 3 ¼” in from the left edges of piece B1. The right edge should be lightly to the left of the score line on piece D1 and centred top and bottom.

33. Apply adhesive to the 4" section to the right of the score line on piece A2 as shown below.

34. Fold the section with adhesive to the back and attach piece A2 to piece E3 as shown in the following 3 photos. The fold on piece A2 is flush with the right edge of piece E3 and it is centred top and bottom.

35. Apply adhesive to the 2" section to the left of the score line on piece C1 as shown below.

36. Fold the section with adhesive to the back and attach piece C1 to piece D1 as shown in the following 3 photos. The right edge of C1 should be flush with the right edge of piece D1.

37. Apply adhesive to the $\frac{1}{2}$ " section to the left of the score line on piece G1 as shown below.

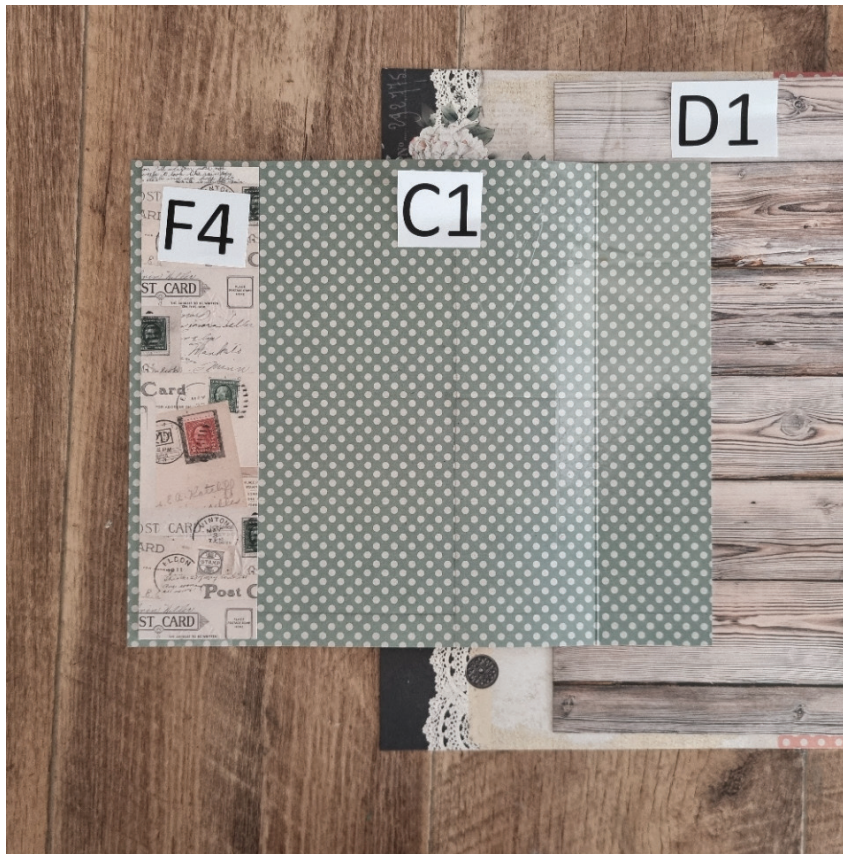

38. Fold the section with adhesive to the back and attach piece G1 to piece C1 as shown in the following 3 photos. It is centred on C1.

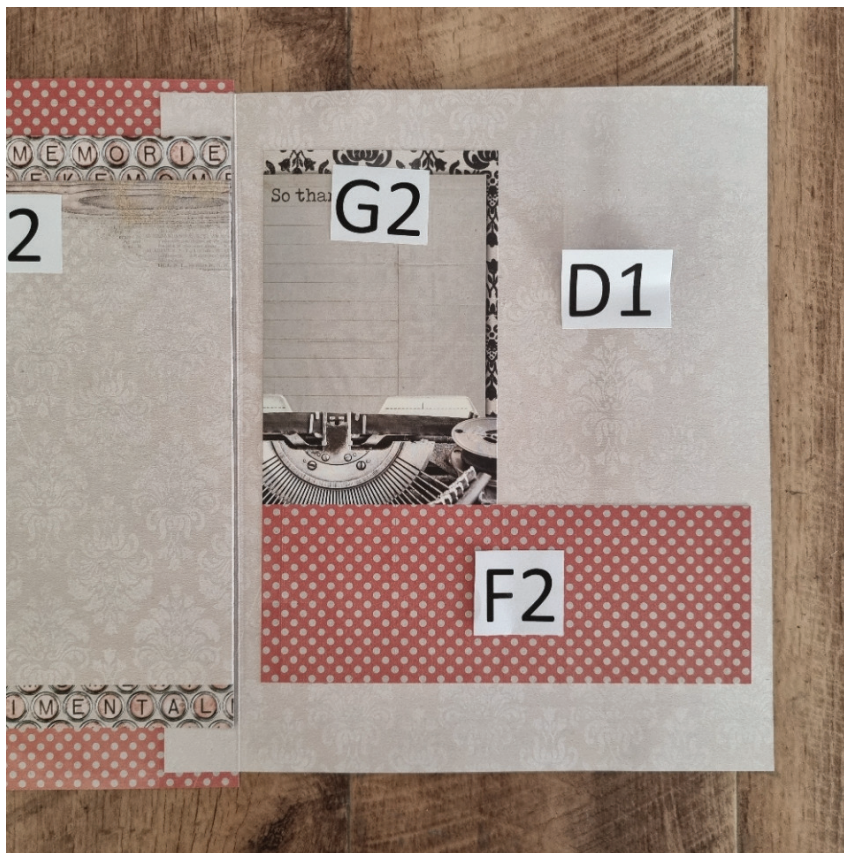

39. Attach piece F4 to piece C1 as shown below. Leave a small edge of green spot showing.

40. Attach piece F2 to piece D1 as shown below. It is 1 ½" up from the bottom edge of piece D1.

41. Attach piece G2 flush with the top and left edge of piece F2 as shown.

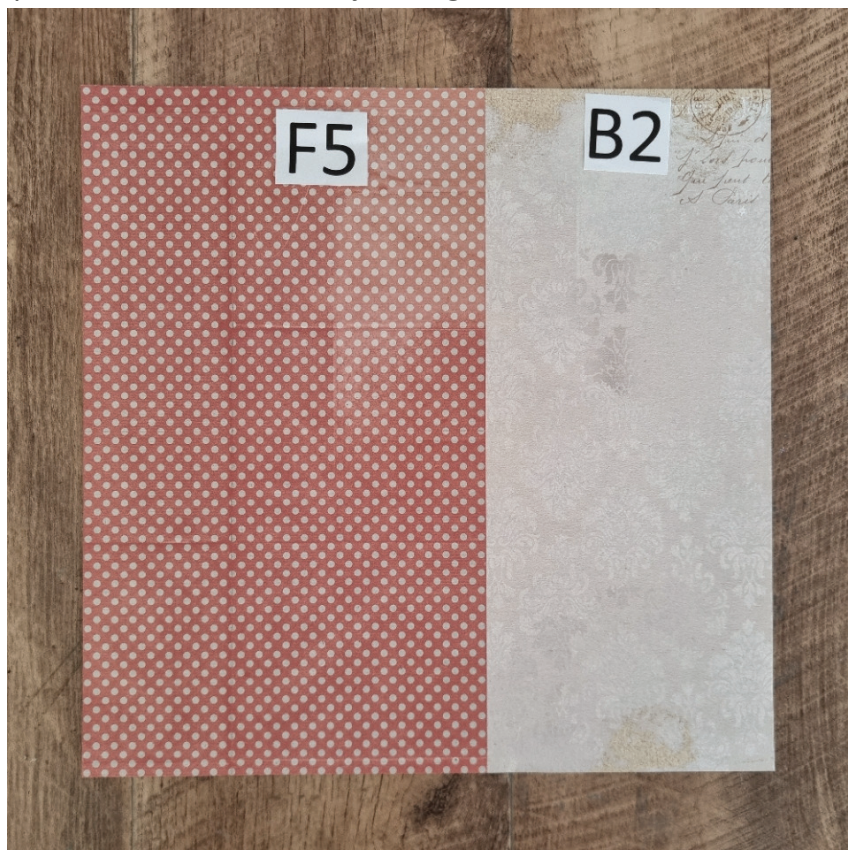

42. Attach piece C6 to piece E3 as shown below. It is $\frac{1}{2}$ " down from top and in from right edge of piece E3.

42. Attach piece E4 flush with the bottom edge of piece C6 as shown.

43. We are now working on the other page. Join pieces F5 & B2 together and run a strip of tape down the reverse to join together. Refer to the following 2 photos.

44. Attach piece D2 to the left edge of piece F5 as shown. It is centred top and bottom.

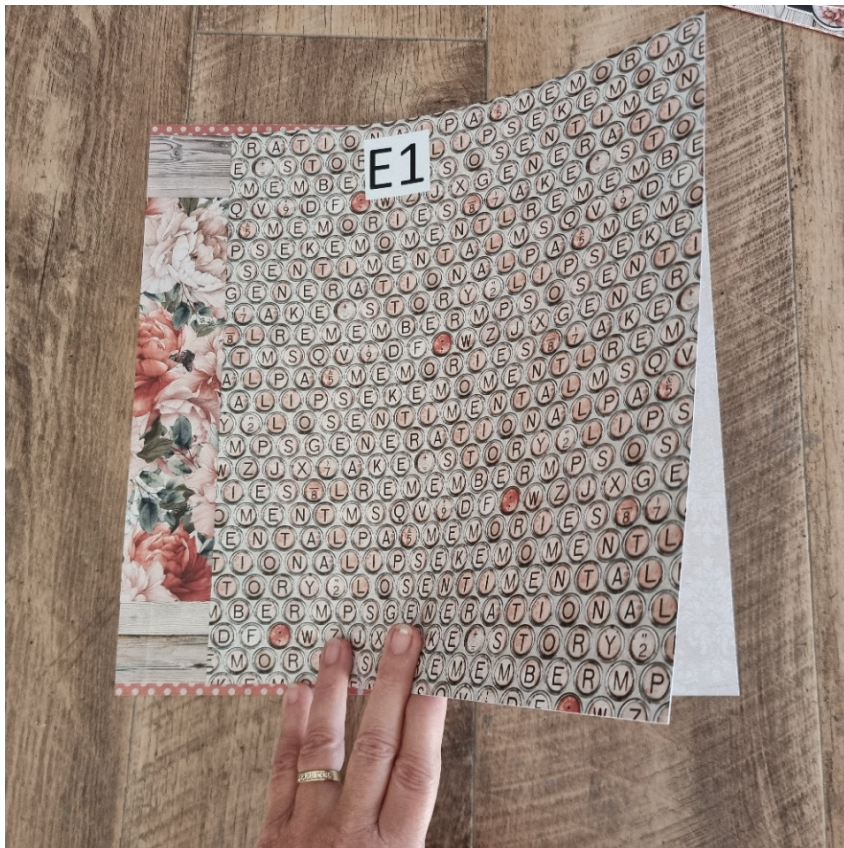

45. Attach piece C2 to piece D2 as shown below. It is centred top and bottom.

46. Apply adhesive to the 2" section to the left of the score line on piece E1 as shown below.

47. Fold the section with adhesive to the back and attach piece E1 as shown in the following 3 photos. The fold line of piece E1 is flush with the right edge of piece D2/C2 and centred top and bottom.

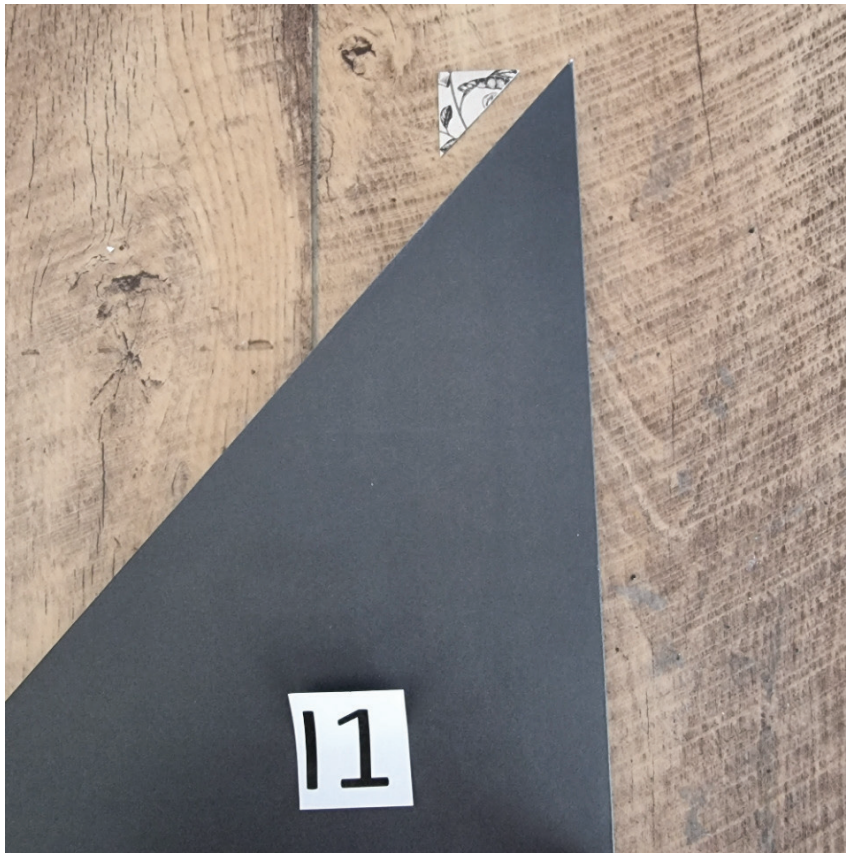

48. Apply adhesive to the 1" to the right of the score line on piece I1 as shown below.

49. Fold the section with adhesive to the back and trim the overhanging piece as shown below.

50. Attach piece I1 to piece B2 as shown in the following 3 photos. It is $\frac{1}{4}$ " in from the right edge.

51. Apply adhesive to the left and bottom edges of piece B3 as shown below.

52. Attach piece B3 to piece I1 as shown below. Line up the right and bottom edges with the right and bottom edges of piece I1. The top long edge will remain open to form a pocket.

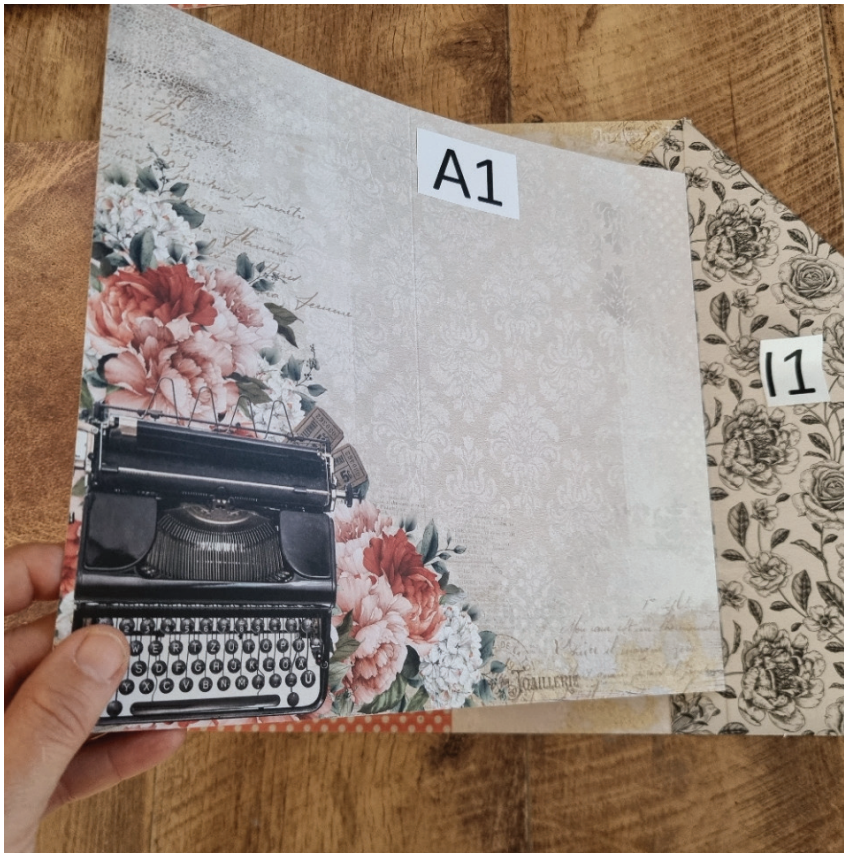

53. Apply adhesive to the 1" section to the right of the score line on piece A1 as shown below.

54. Fold the section with adhesive to the back and attach piece A1 as shown in the following 3 photos. It is 1 ¼" down from the top of the page and the fold is just slightly to the left of the score line on piece I1.

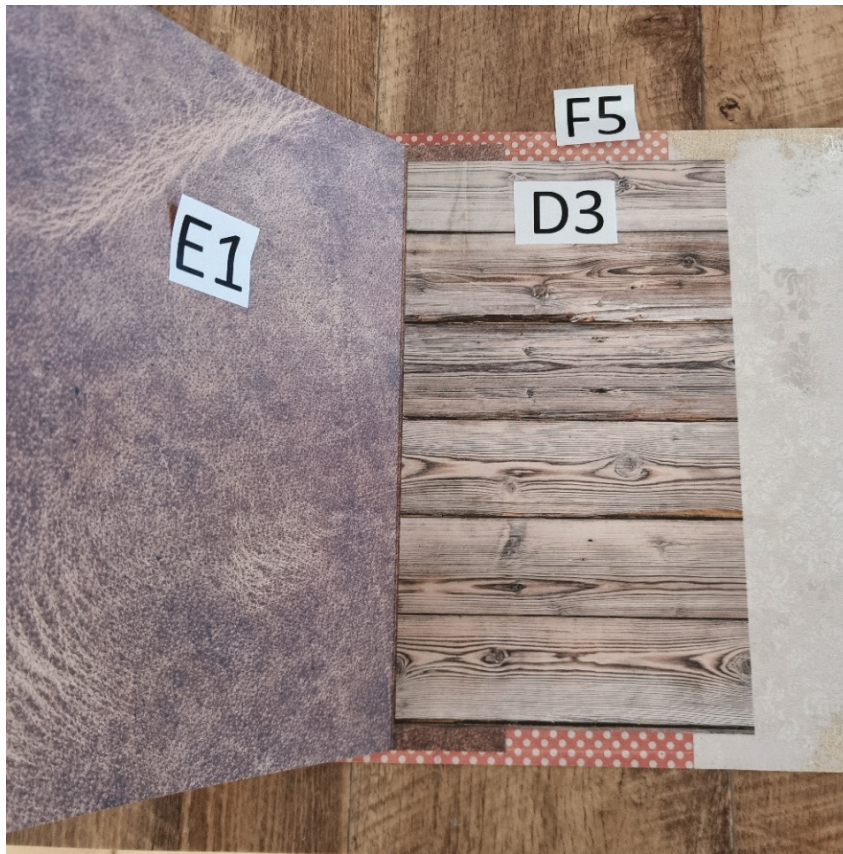

55. Fold piece A1 along the score lines as shown in the following 2 photos.

56. Attach piece D3 as shown below.

57. Attach piece C3 as shown below.

58. Attach piece C4 to piece E1 as shown below.

59. Attach piece E2 as shown below. It is 1 ¼" in from the left edge of piece E1 and centred top and bottom.

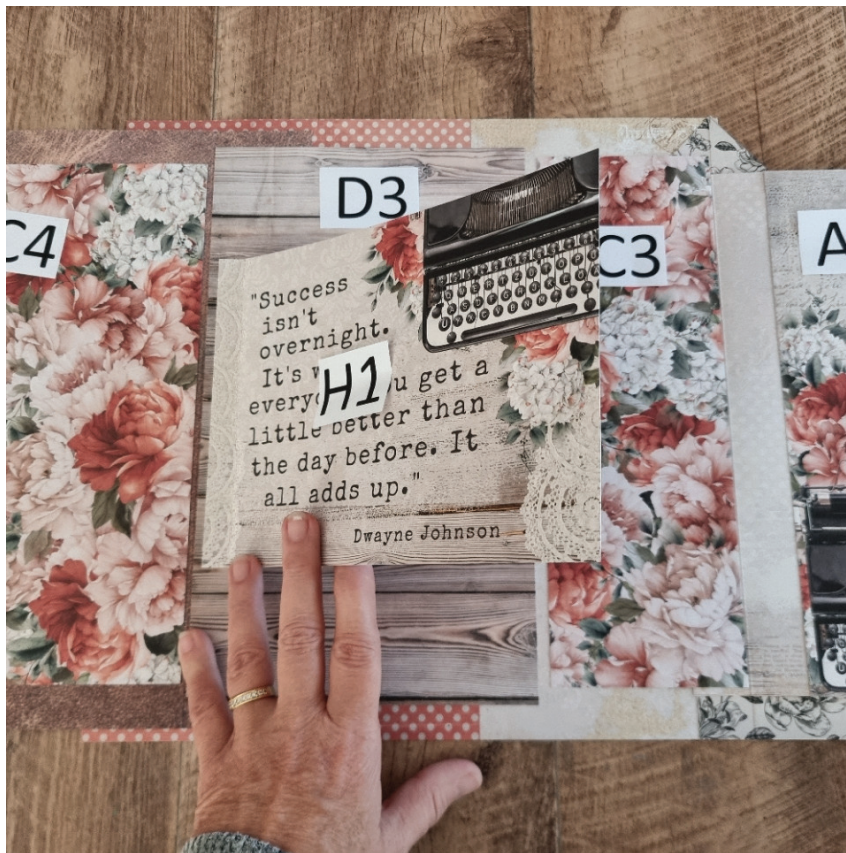

60. Apply adhesive to the ½" section to the right of the score line on piece H1 as shown below.

61. Attach piece H1 to piece D3 as shown in the following 3 photos.

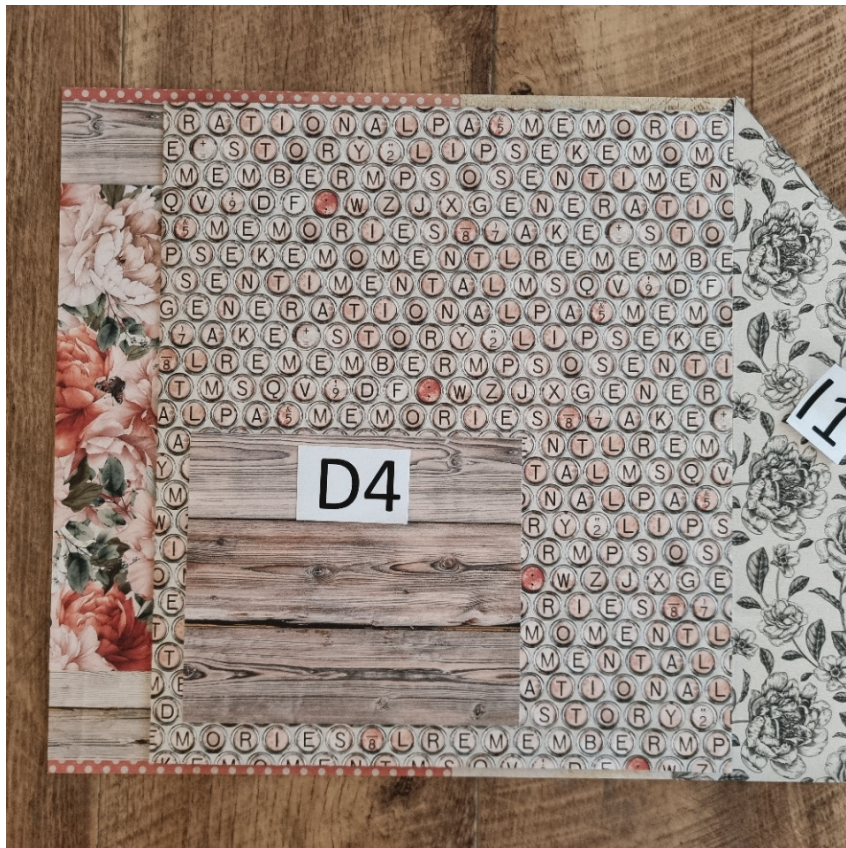

62. Attach piece I3 to piece A1 as shown below.

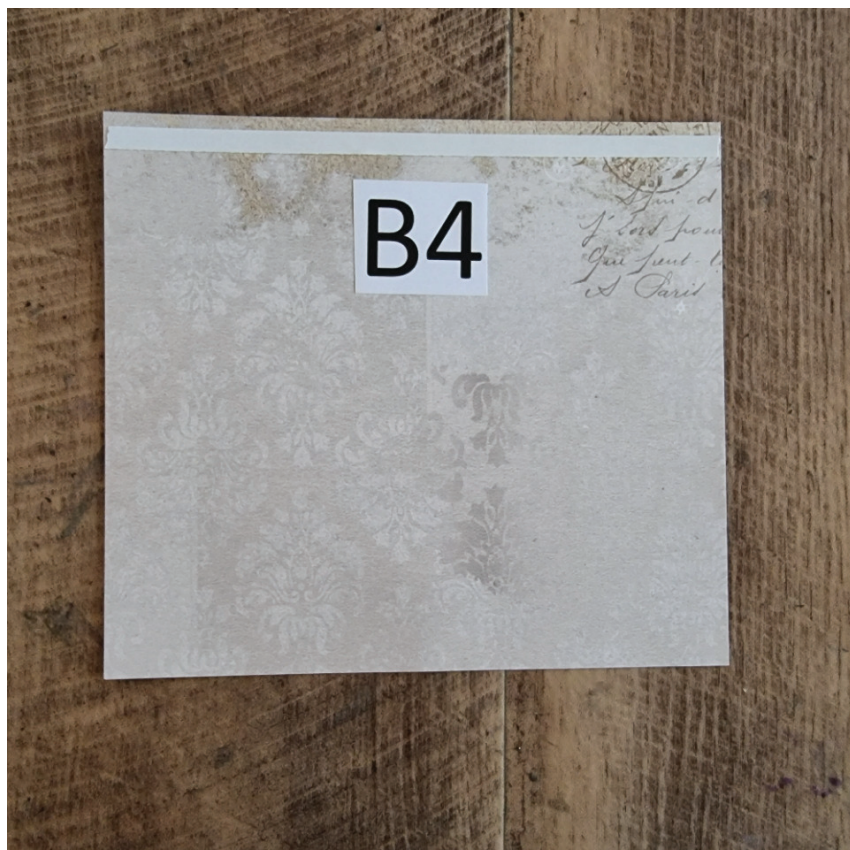

63. Attach piece D4 to piece E1 as shown below. It is $\frac{1}{2}$ " in from left and $\frac{3}{4}$ " up from bottom edge of piece E1.

64. Attach piece C5 as shown below. It is $\frac{3}{4}$ " in from right edge and $2\frac{1}{2}$ " up from bottom edge of piece E1.

65. Apply adhesive to the $\frac{1}{2}$ " section above the score line on piece B4 as shown below.

66. Fold the section with adhesive to the back and attach it to the top edge of piece F1 as shown in the following 3 photos.

67. Fold piece F1 along the score line as shown below.

68. Apply adhesive to the folded up section of piece F1 as shown below.

69. Attach piece D5 to piece F1 as shown in the following 2 photos.

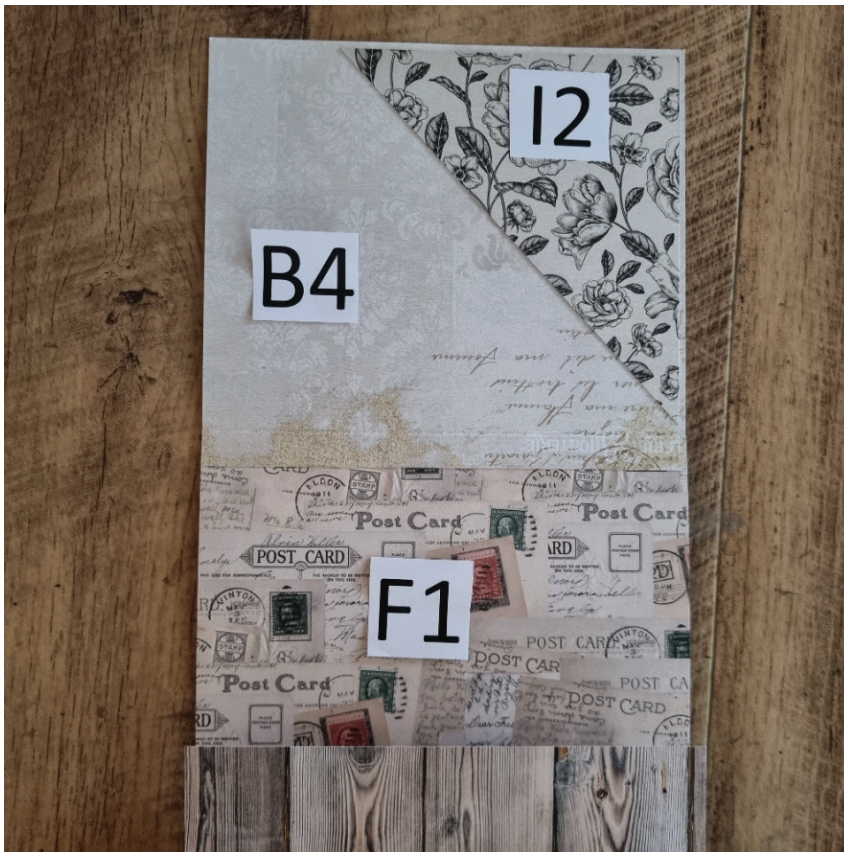

70. Fold both pieces along the score lines to form booklet as shown below.

71. Open the booklet and attach piece I2 to piece B4 as shown below.

72. Attach piece F3 to piece F1 as shown below. It is 3 ¼" down from the top edge and 1/8" in from right edge.

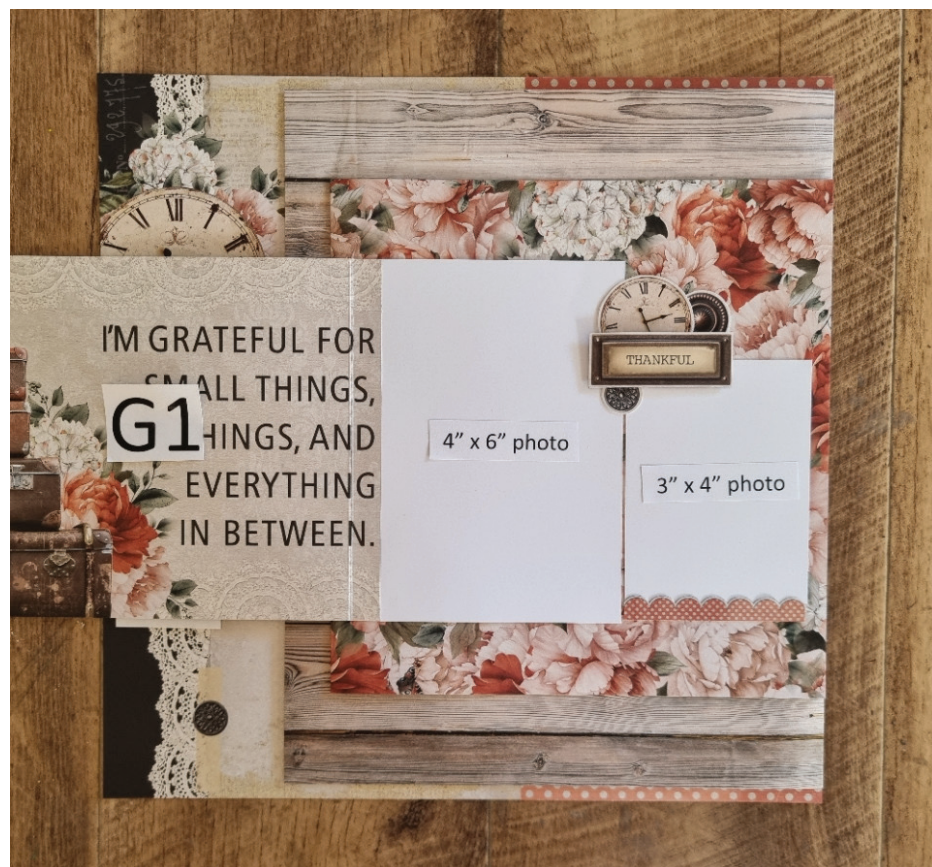

73. Slide the booklet into the pocket behind piece B3 as shown below.

74. Slide piece G4 into the pocket behind piece B3 as shown below.

The following photos show my photo size and placement together with how I have embellished my layout. Please feel free to change to suit your photos and tastes.
